No Limit on Abalones

Senator Rigdon informs us that the failure to pass the twenty-a-week abalone limit bill through the Legislature was directly due to the activities of the State Market Director, whose expert investigators declared there was absolutely no danger of the abalone becoming extinct.

The measure to prohibit shipment of abalones out of the State was not criticised by the Market Director, and was allowed to pass. — Cambria Courier.

CARMEL ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. What We Think of Him

The following poem, printed in the Chicago Tribune, without apology to Kipling, or any body else, will strike a responsive chord in many American hearts, notwithstanding the President has turned Teddy's offer down:

TEDDY

It's "Teddy this" and "Teddy that," an "Teddy" owns your soul?

But it's "Way for Mr. Roosevelt!" when the country's in a hole; When the nation's in a hole, my friends, and the war cloud's rising black, Then it's "Room for Col. Roosevelt!" for our Teddy's coming back.

It's "Traitor to the party" and it's "Not the people's choice," Burt's "Citizen and patriot," when they hear the cannon's voice; When they scent the smoke of battle, boys, and need a million men.

It's "Rah for General Roosevelt!"—and who's the traitor then?

Another Interesting Old Publication

Last week's publication in the Pine Cone of an article concerning the ownership by a Soledad resident of a copy of the "Gazette of the United States," published in 1789, has prompted a number of Carmel folks to hunt up long forgotten papers.

One of the most interesting of these, shown the Pine Cone editor, is a well-preserved copy of the "Ulster County Gazette," published by Samuel Freer & Son, at Kingston, N. Y.

The paper is dated January 4, 1800, and its size is about that of the Pine Cone.

An account is given of the death and entombment of George Washington, likewise a poem. The paper is in mourning—rules reverse. There are unique advertisements in prose and verse. One reads: "For Sale, A stout, healthy, active Negro wench."

WEEKLY GREETING

Liberty is the right to do what the laws allow; and if a citizen could do what they forbid, it would be no longer liberty, because others would have the same powers. — Montesquieu.

They Bring Home the Bacon Themselves

To help out housewives in the struggle with the high cost of living, the grocers of a suburb have decided to knock off 5 cents from any lot of goods the purchaser carries home. People have been so used to the delivery system that they take it as a matter of course, like wrapping paper and twine. It does not occur to them that the thing enters into the cost of the things they buy. But it is an important item to the grocer. It must be paid for by the consumers. The merchants would be glad to be rid of it, particularly now when their own costs of operation have risen alarmingly, and they are faced not only with the difficulty of getting materials, but also with the difficulty of soothing their customers' resentment. It strikes us that the Chicago scheme is worth transplanting in this community. Just now, purchasers are more willing than they ever have been before to listen to fundamental economics. While they're receptive, they should be taught.

Should Have Considered the Source

Senator Hiram W. Johnson, replying to Senator "Gumshoe Bill" Stone's attack on Col. Roosevelt and his overseas plan, said:

"I listened with surprise and chagrin, with humiliation, to the remarks of the Senator from Missouri. What is it that is asked? Only that this man, in the twilight of his life, may lay down that life for his country—only that he may serve his country."

If you read it in the Pine Cone, you may safely repeat it.

Notice to TAXPAYERS

All taxpayers are required by the constitution to annually make and deliver to the Assessor a statement, under oath, setting forth specifically ALL the real, personal, or other class of property, owned by such persons, or in their possession, or under their control, as the same stands of record at 12 o'clock Meridian on the first Monday of March.

The Political Code provides, that all property must be assessed at its "full cash value," and defines "full cash value" as being "the amount at which the property would be taken in payment of a just debt from a solvent debtor."

Unsecured Personal Property

The taxes on all unsecured personal property are due and payable and must be paid at the time the assessment is made.

Exemptions

Any person or association, claiming any property to be exempt from taxation, must file a claim and affidavit, for such exemption, every year, in the manner provided by law. This applies to the \$100 allowed on personal property of householders; the \$1000 allowed soldiers, sailors, marines, etc., and property used solely and exclusively for religious worship.

Assessments

Any information desired relating to assessments will be gladly furnished on application, and all objections should be made before the Board of Equalization adjourns, instead of waiting until it is time to pay taxes.

Remember, that if you fail to make a statement you fail to comply with the law and you law yourself liable to arbitrary assessment, which is expensive to yourself and causes much trouble to others.
